The GAZETTE is now the oldest paper in the State, and with few exceptions the oldest in the country, and its usefulness has been demonstrated and appreciated during the NINETY-ONE YEARS of its existence. In its columns has always been found a mirror of passing events and the careful chronicling of the history of what is going on in the world has ever been its aim. It is always welcomed in the household, while in the counting room and work shop it has become in-

The GAZETTE, situated as it is so close to Washington, the great centre of news, enjoys daily the benefit of the Associated Press Dis. PATCHES from every part of the world; hence its patrons can read from its columns in the evening what has transpired that day in every portion of the United States as well as from every part of the habitable globe. Consequently it is an every-day occurrence for the GAZETTE to publish telegrams from the various European capitals about twelve or fifteen hours earlier than

the morning papers. Correspondence from Washington, Richmond and every section of the State is published regularly, and all events of interest occurring within the bounds of the Commonwealth are to be found in the col-

umns of the GAZETTE. The local department furnishes a full and complete history of everything that occurs in and near the city, and this feature will, as everreceive careful attention.

Another feature that serves to make the GAZETTE a great desideratum with merchants is its afternoon market reports from all the great centres of the country.

The GAZETTE's circulation in this city is now larger than at any time in its history and is steadily increasing, especially among those who consult its advertising columns before purchasing.

The COUNTRY EDITION is nearly as large as that of the daily. This edition is sent out three times a week.

The advantages of advertising in this paper are apparent. RATES OF SUBSCRIPTION.
